Overview of services by Cutting Edge Studio

We are a one-stop shop for authors, meaning we can help authors out with (almost) anything they need. From editing to proofreading, formatting, web design, book descriptions, book trailers, coaching, and much more.

Also, we offer a lot of free recourses too. If you go to our homepage (www.cutting-edge-studio.com) you will see a pop-up where you can get access to tons of free videos, weekly publishing, and marketing tips, and lot's more.

About the cover design and formatting:
At the moment, we have a package that includes a cover design for ebook and paperback and formatting for ebook (epub) and paperback (pdf) for $449. This price includes up to 10 pictures or charts for formatting. If your book has more pictures, we charge an additional $3 per image/chart/etc, or give you a quote after reviewing your manuscript.

Please see this link for what you can expect for this price: https://www.cutting-edge-studio.com/formatting

For the cover design: We work with a questionnaire that helps us understand what your book is about and what you are looking for in a cover. Then the designer creates one, two, or three covers for you. If you like one of them, great. Then you and the designer can start tweaking until you are happy with the result. If you don't like one of the covers, the designer will create another one, based on your comments.

As soon as we start you can expect the first covers within a few days. It takes us max 2/3 weeks to finalize covers, often sooner. Formatting also takes us no more than 1.5 – 2 weeks in general from the moment we get started with it.

* We do always first look at your book before we can give you a final quote. The reason for this is, is that some books are so complex to format that we can't do that at our base price. So if you could send us your manuscript so we can have a look, that would be great. If your book would be a bit more complex to format, we can give you a quote.

If you want to format your book yourself and only want to order our cover design service this is also possible. The cost for the ebook cover design is $229 and for the paperback $50.

We also offer cover design for an audiobook (the price for this is an additional $35) and for a hardcover ($50). For a dusk jacked it's $75

If you only want to book formatting with us it's $99 for the ebook, $109 for the paperback, or $199 for both ebook and paperback.
